CHINESE AGREEMENT.

The Ministers Are Speedily Gaining
Ground as to the Demands.

ADVICE IS ASKED FOR

Some Points Submitted to the Various
Governments for Instructions
Upon Demand for Revision
of Commerce Treaties.

Pekin, Nov. 15.—The note of the powers to the Chinese plenipotentiaries probably will be ready to submit within the next 10 days. This announcement was made at the conclusion of a meeting of the ministers. It is understood all the points under discussion have been practically agreed upon except minor phases of several phases of the most important questions. Concerning these points the minister have cabled for instructions which they expect to receive in a few days and will present them at the next meeting.

A general article will be inserted in the treaty of peace providing that China shall consent to the revision of the treaties of commerce, but shall deal with each power separately. Whether the result of these negotiations will be as satisfactory as a general treaty, guaranteeing to the citizens and subjects of all the powers complete freedom of traffic in the interior of China, remains to be seen.

It appears to be thought among some of the ministers at Peking that difficulties and delay would arise in seeking to deal with the desired changes in detail at present. It may be possible for the leading powers to secure concessions regarding interior trade which will drive the entering wedge for like concessions to all. Most of the powers are entitled to the privileges of "the most favored nation," and will be able to ask for themselves whatever is granted to any of the other powers. The fact that the Chinese imperial government consents to the revision of the treaties as a general proposition is considered an important point for securing the civilized powers desire.

Brigadier General Charles Humphrey of General Chaffee's staff, has gone to Shan Hai Kuan, on the Gulf of Liao Tung, to inspect that place regarding its availability as a winter port.

PEACE OF EUROPE.

It seems the Czar of Russia is Holding the Powers Together.

London, Nov. 15.—The serious apprehension which followed the announcement that the czar was suffering from typhoid fever, emphasizes how much the peace of Europe is believed to be dependent upon him. But for the statement contained in the official bulletin that his majesty's malady is taking a thoroughly favorable course the news of his illness would have created nothing less than consternation. It is generally felt at the present critical state of international affairs that even temporary weakening of influence of so favorable a factor in the maintenance of the world's peace, justifies grave anxiety, and especially as the czar is regarded in Europe as a kind of counterpoise to Emperor William. Public anxiety will, therefore, remain strained until the none too robust monarch recovers.

London newspapers comment on the czar's illness with peculiar sympathy. The Times remarks it has always been believed in England that the czar "reciprocated the national sentiment toward him and cherished real regard and reverence for our beloved queen." The Times says: "The czar has exhibited consistent attachment to the cause of peace. It is hardly necessary to say any event which would lead to a change in the occupant of the Russian throne at the present anxious state in the far east, might gravely prejudice the situation."

Conger Has Yielded.

Washington, Nov. 15.—Conger has yielded to the other ministers, agreeing to the razing of the Taku forts, maintaining permanent legation guards and guards of communication with Peking.

May Return to Peking.

Tien Tsin, Nov. 15.—It is reported here that an imperial edict has been issued announcing that Emperor Kwang Su and the empress dowager will return to Peking.

Five Times Home Salaries.

Berlin, Nov. 15.—The reichstag bill providing for the third supplementary credit on account of the China expedition, fixes the salary of Field Marshal Count von Waldersee at 150,000 marks annually with large extras. Division commanders will receive 65,000 marks and extras, and lower officers will be paid proportionately. The above are five times the rates of salaries paid at home.

Sixth Cavalry to Remain.

Washington, Nov. 15.—General Chaffee has cabled the war department from

Taku, under date of Nov. 14, that the Sixth regiment of United States cavalry will remain in China, under command of Lieutenant Colonel Theodore J. Wint, with troops I, K, L and M.

Colonel Potter Dead.

Kingston, R. I., Nov. 15.—Colonel James E. Potter, paymaster in United States army (retired), and a member of one of Rhode Island's most distinguished families, is dead at his home at Kingston hill. He was 82 years of age.

ATTACKED BY CANNIBALS.

Crew of the Mascotte Have a Narrow Escape on Savage Island.

San Francisco, Nov. 15.—The schooner Mascotte, which arrived here from the south seas, brings tales of cannibalism and massacre of blacks on Savage islands. Her deck, rails and sails bear marks of cannibal spears and bullets.

The schooner arrived at Komali, in the Admiralty group on Aug. 29, just after the murder of Herman Matzke, the trading agent there. Captain MacCo and the boat's crew went ashore and found the Copra house had been looted and the trader's home a wreck. In the yard of the latter a big pot was still sizzling over dying embers of fire and in the pot were some of the bones of the trader. Cannibals appeared and opened fire with guns they had found in the agent's house. Captain MacCo and crew retreated to the schooner and turned loose all available arms and the cannibals were driven off.

The Mascotte met the German sloop of war Seadale near the Carolines and notified the captain of the murder. Both schooners and warship returned to Komali and the native villages were shelled. Eighty villages were destroyed by fire, 10 natives killed and 20 taken prisoners.

Object to "National."

Montgomery, Ala., Nov. 15.—The United Daughters of the Confederacy have adopted a resolution that reporters be requested not to speak of the organization as "national," but mention it as merely as "United Daughters of the Confederacy." In announcing the motion carried, President Weed said the word "national" was offensive to the daughters. Mrs. Weed then delivered the president's annual address. She spoke of the marvelous growth of the association from the first organization and especially since the last meeting at Richmond. Now it has over 20,000 members and over 400 chapters.

Negro in Danger of Lynching.

Denver, Nov. 15.—It is now believed John Porter, the 16-year-old negro of Lawrence, Kans., assaulted and murdered little Louise Frost, whose dead body was found near Limon a week ago. Porter's confession has been confirmed by the finding of the little girl's pocketbook not far from the Limon depot where Porter admitted he threw it. Five hundred determined men, most of them ranchmen, have assembled at Limon and Hugo and make no secret of their intention to lynch Porter.

John Porter was later removed from the city jail to a place of safety. Police officers refuse to say where he was taken.

Nicaraguan Canal Route Clear.

Washington, Nov. 15.—The minister from Nicaragua, Senor de Luis Correa, has arrived in Washington after an absence of four months in Nicaragua, during which time he conferred with President Zelaya and members of his cabinet concerning Nicaragua canal affairs and other subjects of interest to the two countries. He says by a happy combination of circumstances the way is now clear of private concessions and border misunderstandings so that direct governmental consideration of the waterway may be taken up.

Riot Among Cigar Makers.

Tampa, Fla., Nov. 15.—Rioting between International and Resistencia unions of cigarmakers occurred here this morning. The fight was at the factory of Gonzales, Mora & Co. One hundred shots were fired, but no one seriously hurt. All factories are closed for the present. The mayor has sworn in 100 extra policemen and the sheriff has added deputies to his force. The mayor issued a proclamation forbidding the torch light processions and demonstrations of rival trades unions planned for tonight.

Wife Murderer Hanged.

Elmira, N. Y., Nov. 15.—Isaac Barriola, a barber, who burned his wife to death at Blossburg, Pa., in July, 1899, was hanged in the jail at Wellsboro today for his crime. He had been reprieved three times by the governor and refused a new trial by the supreme court. Application was made to the board of pardons for a rehearing of his case and it was denied.

May Get His Old Place.

Washington, Nov. 15.—John W. Yerkes, late Republican candidate for governor of Kentucky and who recently resigned the position of collector of internal revenue, called on the commissioner of internal revenue here. He says he has abandoned all idea of contesting Governor Beckham's election. He probably will be reappointed to his old position.

WIXON, KURTEN,

MACY AND EDGE.

Notes by the Eagle Traveling Man.

Mr. J. W. Harris and Mr. B. A. Huggins are erecting new residences. Mr. Harris bought near the Lawrence place, and is building a nice cottage while Mr. Huggins is erecting a new residence near his present home on Kurten Prairie. George Buckhaults is also building, his new home being on the land opposite Mr. Huggins home.

Mr. J. T. Closs will move to May, shortly where he has purchased land of Mr. W. D. Yardley. Mr. DeHart and family, also Mr. DeHart's son and family, will move to North Texas shortly.

Wixon school opened Oct. 11, and is being taught this session by Miss Gerorgia White. Miss Mary Minkert is teaching the Harris school.

H. T. Palmer will teach the Liberty school at Edge.

Mr. Geo. Mausel, of cottonwood, has bought Mr. Boyd's place at Fickey. Mr. Boyd has bought

land on Payne Prairie and will move there shortly.

Antone George has sold his place at Fickey, to Mrs. Augusta Keat. George Edge has sold his place at Harris school to Mr. Morgan, and has moved to the McDuffick place.

Messrs William Henry and S. G. Davidson of Edge have made improvements to their houses.

William Dillshaw has moved from Macy to J. M. Orr's place. Mr. Jim Hollis, who formerly occupied this place, will move to Leon county.

The Methodist denomination of of Macy have raised a fund to erect a new church. Work will begin as soon as men have time to haul the lumber from the saw mills.

Miss Lula McDonald of Bethel will teach the Macy School this year.

This reporter had the luck to spend the night with Mr. W. C. Newman, reaching there the night after Mr. Newman, his son Lester and Webb George had pulled off a squirrel hunting contest. W. C. won out, having eleven squirrels to his credit against three killed by both the other two contestants. The Eagle man has a weakness for good squirrel stew, likes fried squirrel equally as well, and felt like he was in the middle of a good thing when he saw what he had run up against at supper time.

Mr. Pulof of Tabor has sold his place to Mr. Joe McGee, and says he will move back to the old country across the sea.

J. M. Newman is erecting a new store at Edge, and will occupy it

with a stock of general merchandise.

William Echols has bought the store of W. C. Newman at Macy, and will get possession Jan. 1. Mr. Echols is the man who has the daily mail contract, Bryan and Macy.

N. S. Buckhaults has bought J. M. Slaughter's store at Edge, and will get possession Jan. 1st.

These scattering notes and personals may be of interest to the general public, and friends of many of the persons named who now live in other parts, and who have the Eagle go to them in their new homes. In a general way the reporter can say that the portion of Brazos county concerned in this article is on the upgrade. The people are cheerful and contented as a rule, and are improving their homes and farms, also improving their stock, and preparing to keep up with the procession of progressive Texas. I find that Devon, Hereford and Durham cattle are the favorites now for improving stock. Tom Closs is going to breed Devon cattle. Will Kelley has Devon male and is crossing his Holsteins with Devon. Mr. Payne is crossing his Durhams with Devon, having a Devon male. William Henry has a Hereford male, to which he will breed his Devons and Durhams.

More anon. C. P.

The inquest proceedings in relation to the killing of the Bohemian, Joe Blazek, begun before Justice Minert November 8, were concluded yesterday, the verdict being that Blazek came to his death at the hands of the negro, Bob Ballard, now confined in the Houston jail for safe keeping. The examination was conducted by Judge V. B. Hudson, district attorney elect, and the testimony of a number of witnesses was taken in writing. This evidence indicated that the negro not only committed the wanton and diabolical crime, but that he displayed his pistol later on at Batts' store and declared he did the shooting. Jacob Shramek, who was also shot and badly wounded, is said to be improving.

The funeral of Mrs. M. Woolf took place at 3:30 o'clock yesterday afternoon. The service was conducted by Dr. A. Suhler of Waco. In the account of Mrs. Woolf's death yesterday the Eagle neglected to mention the fact that she had two sisters and two brothers. Of these Mrs. Lena Vogel resides in this city, the other sister in Posen, Germany; Mr. Marx Pinski in New Orleans and the other brother in St. Louis.

Chief Engineer J. D. Trammell of the International & Great Northern railroad was here yesterday looking after arrangements for the completion of the C. W. & B. V. switches to the oil mill and into the Garth. Howell and Webb lumber yard. He says no definite plans have been formulated regarding the extension of the road beyond this point.

Arrangements have been perfected for the great game of foot ball here Thursday, Nov. 22, between the A. & M. College team and the famous Kansas City Medical College team. A great deal of interest centers in the contest and the C. W. & B. V. railroad will run an excursion from Calvert and Hearne.

SUSPECT ARRESTED.

The Man Who Assaulted Mrs. Potter Believed to Be Under Arrest.

Chicago, Nov. 15.—The police have under arrest a man whom is suspected not only of committing the assault in the O. W. Potter residence, early on Tuesday morning, but also of having a hand in another Lake Shore drive robbery, which thus far has not been made public, but which is declared to be of startling magnitude.

The suspect is a prisoner at the Sheffield Avenue station. He was arrested at Diversey boulevard and Lincoln avenue, after drawing a revolver and threatening to shoot the detective who made the capture. The man answers the description of Mrs. Potter's assailant.

When arrested he had in his possession two revolvers and a billy and also a package containing a letter carrier's uniform.

In regard to the other robbery, which it is said, will outshine the Potter affair, the police absolutely refuse to divulge anything. It is learned, however, that a large house in the Sheffield avenue district was broken into last week and much of its property taken.

THE DEAD BANDIT.

He Was an Outcast of a Wealthy Massachusetts Family.

Chicago, Nov. 15.—The bandit who was killed Oct. 6, last, by Express Messenger Baxter on the Kansas City, St. Joe and Council Bluffs railway, is said to have been the outcast son of a wealthy Massachusetts family. This information was given Lieutenant Rohan of the detective force by a "crook" whom the veteran detective has known for years.

"I have no reason to doubt the man's story," said the lieutenant, "and although he is a thief, I have confidence in his word. A week or 10 days before the train hold up on the Kansas City St. Joe and Council Bluffs road, my informant met the man here in Chicago. The plans were then being made for the holdup. 'Keep an eye on the papers,' said the man, 'and you'll hear of something near Council Bluffs.' My informant did not know then that a train was to be held up, but when he read of the attempted robbery and the killing of one of the bandits, he knew who it was that did the job. Later he saw a picture and a description of the dead robber and recognized the man at once.

"He would not tell me the name of the thief who was killed by the express messenger, as he said it would only sadden a family who have had their share of sorrow for the acts of a wayward son."

Mrs. Roosevelt Declines.

Washington, Nov. 15.—The Daughters of the American Revolution here are busy trying to find a president for the society. A week since it was announced that they had decided on Mrs. Roosevelt. Now, however, it appears that she has written a recent letter saying that she had never been a member of the society, and does not wish to be its president. The state chapters have not been heard from on the subject, but it is hoped to have the matter arranged before the February meeting of the congress.

Irrigation in Texas.

Austin, Nov. 15.—The incomplete returns from several counties indicate that the proposed amendment to the constitution was defeated. This amendment authorized the organization of irrigation districts, irrespective of county lines in the counties of Baylor, Clay, Wichita and Archer, and the levying of a tax for the establishment of irrigation plants by a vote of two-thirds of those whose land is susceptible of irrigation.

Held for Smuggling Passengers.

New Bedford, Mass., Nov. 15.—Capt. Henry W. Morse of the bark Swallow, has been held in \$2000 bond for the grand jury by United States Commissioner Clifford, charged with smuggling into this country 43 passengers from western islands. The passengers, it is claimed, surreptitiously landed before the vessel came into port. The defense put in no case.

Miss Morgan Married.

New York, Nov. 15.—Miss Louise Pierpont Morgan, the oldest daughter of J. Pierpont Morgan, the banker and capitalist, today became the bride of Herbert Livingston Saterlee. The wedding took place in St. George's church. The guests numbered over 200.

Man and Woman Found Dead.

New York, Nov. 15.—Dr. Christopher T. Ahlstrom of this city and an unknown woman were found dead in bed in a room at the Boulevard hotel in Broadway. Both had been suffocated by illuminating gas. The woman was well dressed and wore valuable diamonds.

Philippine Censorship Removed.

Manila, Nov. 15.—The censorship has been removed. General MacArthur, however, has issued directions to the cable companies ordering them to furnish him with a copy of all press dispatches.

Killed in a Coal Mine.

Mount Olive, Ills., Nov. 15.—Joseph Thomas, a slack hauler at mine No. 8, was almost instantly killed in a runaway. Thomas was thrown under the car the wheels passed over his body, inflicting fatal injuries.

Glasgow Free of Plague.

Washington, Nov. 15.—Surgeon General Wyman has received a cablegram from Surgeon Thomas at Glasgow that the port was declared free from plague on Nov. 14.

Next Reunion at Indianapolis.

Detroit, Nov. 15.—The Society of the Army of Tennessee has voted to hold the next reunion in Indianapolis.

TAKES BACK THE CHARGE.

Catherine Loonie Says Her Statement About Mayor Flood Was False.

Elmira, N. Y., Nov. 15.—Announcement has been made that Catherine Loonie, in the county jail under a sentence to Auburn prison for 4 years and 9 months, had made another statement. This time she has made an affidavit to the effect that the statement made by her in her confession and in her evidence to Recorder Danaher, implicating Mayor Frank K. Flood, was false and that she wished to take back these statements and exonerate completely the mayor from being implicated in any way in her forgeries.

Attorney H. Beck is reported to have called there to see a client that he had in the jail. As he passed the door of the jail, Miss Loonie said that she wanted him to do her a favor. She wanted him to take word for her to Attorney Eustace or to Mayor Flood. After talking to her for a while she said to Attorney Babcock that she wished to make a statement. Attorney Babcock is a notary public. He took a statement from her in which she took back every statement that she had made connecting Mayor Flood with her forgeries and implicating him in the crime.

FROM ERATH COUNTY.

Chalk Mountain, Tex., Nov. 10.—As I have not seen anything from this part of the country ever appear in the Eagle, I will try a few lines. Cotton pickers are in demand in this and joining counties. The corn crop is short. Young wheat looks fine.

This is a healthy country, but we need an M. D. in this community. I would be glad to see a report from all former correspondents. How are crops in Grimes? The election is over and a few are smiling at the expense of many.

Will some kind reader of the Eagle tell me through the Eagle the whereabouts of Marion O'Neal? He was in Galveston on Oct. 25th, but said he would leave there on the 28th or before. I am going to leave this country and would be glad to know his present address at once.

With best wishes to the Eagle, Sam. D. O'Neal.

LETTER FROM CUBA.

Wonderful Changes for the Better in the Sunny Isle.

Columbia Barracks, Cuba, Sunday, Nov. 11, 1900.—Editor Eagle and many friends who are the readers of your paper, who have asked me to write them through the paper:—As I had a trip over the island I thought there could be no harm in letting them know what I thought about the place and the country in general.

I left the post with several others and traveled with them to Trinidad and after they left me there I went to the hills where I could look at the Trinidad valley. I never saw such a rich country in my life. From Trinidad I went to Cienfuegos where I spent some time in looking over the city and investigating the industrial conditions—I was agreeably surprised. Business is good at that place and is steadily improving.

After leaving Cienfuegos I visited Santa Clara, Sagua, Caibarien Tobacco district of Remedios, Palacetes, Camajuana and other places of less importance. On every hand I was struck with the general prosperity of the country. Great improvements were to be observed on all sides and I was told by some who knew that there had been great improvement made in the last year, but the people are still struggling to recover from the effects of the war. I could appreciate though hardly realize the magnitude of the change. I never saw anything like it in my life.

The tobacco crop has been good and while it didn't bring the prices which were expected, they were fair and the people are satisfied and have plenty of money. The money which has been circulated from this crop alone has placed a sufficient sum in the hands of the people and they are all in a position to take care of themselves, and a great many more could find employment in that section of Cuba.

The people are industrious and on every hand extensive preparations are being made for next year's crop, which is put out during the months of October and November. The acreage next year will be much larger than it was this season. Sugar cane is the great industry of this part of the island and it is astonishing to see the great increase in the acreage of cane. Large cane fields are seen on every hand and the acreage another year is to be much greater.

As an evidence of the confidence in which New York business men look upon the situation here it is only necessary to refer to what is being done at Camajuana, where Solomon & Company of New York are completing one of the largest tobacco warehouses on the island. The warehouse will cost fully \$51,000. There are several other smaller warehouses being erected there, and in all parts of the tobacco district are large escopados where tobacco is being selected, and where employment is given to a great many people. I am more than favorably impressed with what I have seen and heard about Cuba. I am now certain that the island will soon be as prosperous as it was in the past.

I think I will be among you about Christmas time. William Johnson.

We guarantee to make your watch run and keep time or your money will be refunded. Goodman and Miller, Reliable Jewelers. dec 1

A SHERIFF MISSING.

Circumstances Lead to the Belief He Has Been Killed.

SUSPECTS ARRESTED.

Sheriff Frost Went to Lake Surprise to Oust Intruders and No Trace of Him Since Can Be Found. Well Known Over State.

Galveston, Nov. 15.—Sheriff J. L. Frost of Chambers county, one of the best known officers of Texas, is missing from his home in Wallisville since last Sunday. His family and friends fear that he has met with foul play, and searching parties have been organized and are scouring the country for the missing officer.

He left Wallisville last Sunday on horseback to go to Lake Surprise, the noted canvas-back duck hunting resort owned by Colonel W. L. Moody of Galveston, and situated in the southwestern part of the county. He carried writs of dispossession for a number of poachers who have squatted within the large hunting grounds.

The fine animal ridden by the missing sheriff was found Monday running at large near where the officer is supposed to have met his death. The bridle was attached to the animal, but the saddle and blanket were missing.

The search and investigation instituted by Deputy Sheriff Pascal McNair and other deputies under the missing officer led to the arrest of two young men in Galveston Wednesday and the apprehension of an old man, father of one of the young men, in Houston.

The suspicion that Sheriff Frost has met with foul play was strengthened by a note written by the officer to a friend while en route to the place where he was to execute the writs of dispossession. He had evidently feared trouble, having, as he stated in his note, had other dealings with the persons whom he was about to dislodge from grounds claimed as private property.

Will Give Up the Party.

Minneapolis, Nov. 15.—Charles A. Towne, chairman of the Silver Republican national committee; George H. Shibley, the Illinois committeeman, and E. S. Corser of this city, treasurer of the committee, have been in conference here regarding the party's future. It is understood they have decided to issue an appeal in which they will express the belief that the time has come for giving up party organization and merge its members into the Democracy. All silver and Lincoln Republicans will be urged to become Democrats in good standing.

Each Killed the Other.

Bartow, Fla., Nov. 15.—John Carter and Oliver Moody, two turpentine men, became involved at their camp near here, over a woman to whom both were paying attention. They agreed to fight it out with guns and deliberately planning for a duel, fired simultaneously. When the smoke cleared it was found that the aim of both men had been true and that both were killed instantly. Officers were sent for, but there is no evidence that there were any other parties to the affair before or during the shooting.

Returns to Ask Mercy.

Grand Rapids, Nov. 15.—W. L. White, the absconding quartermaster general of the Michigan national guard, who disappeared about a year ago, when the notorious military scandals in which he was the chief figure developed, has returned to the city from Chicago, accompanied by a brother and sister. It is understood that his relations have made full reparations for his delinquencies and that he will plead guilty and throw himself on the mercy of the court.

Priest Killed by a Car.

New York, Nov. 15.—Rev. Father John E. Barry, vicar general of the diocese of Manchester and Concord, N. H., and pastor of St. John's church, Concord, was instantly killed by a cable car on Broadway in front of the Astor house. Two cars were passing at the same time and Father Barry jumped across the track to avoid the first and was caught by the fender of the other, thrown under the wheels and his body mutilated.

EIGHTEEN PLAGUE DEATHS.

Report from San Francisco Reveals the Fact the Disease Was There.

San Francisco, Nov. 15.—The Bulletin publishes the report of Federal Quarantine Officer Kloyon, which states that from March 7, to Oct. 14, there have been 18 deaths in San Francisco from plague.

Dr. Williamson of the San Francisco board of health, says there have been 31 or 32 cases of bubonic plague in this city since the first case was discovered last March. The last case was reported on Nov. 8. The disease has been confined almost entirely to the Chinese quarter and all but two or three of those afflicted were dead when they were reported to the health department. Local quarantine was at once established over the places where the deaths occurred and every precaution taken to prevent the spread of the disease.

All the newspapers deny there have been a single case of the disease in the city.

Demands for Postoffice Service.

Washington, Nov. 15.—Postmaster General Emory Smith will ask for \$121,000,000 as the appropriation for the entire service for the fiscal year ending June 30, 1903. This includes an estimate of \$3,500,000 for the rural free delivery service. By the close of this fiscal year 4300 rural free delivery routes throughout the United States will have been established and the general extension contemplated for next year will involve about 4500 additional routes. The postmaster general is investigating the feasibility of putting the service in operation at every point throughout the country not reached by the regular free delivery service in operation in the cities.

Whole Family Poisoned.

San Antonio, Nov. 15.—Captain Lon Tracht and family had a narrow escape from death from poisoning here. Some days ago Mrs. Tracht, being troubled by rats, purchased some rough-on-rats and this poison she mixed with some oatmeal and left the mixture in the cardboard box on the shelf that the rats might eat and die. The hired girl in preparing breakfast had to prepare oatmeal and unfortunately took the poisoned meal and the family partook of it. Soon after all were taken with the symptoms of poisoning and Dr. Owens was called. He ascertained the cause of the sickness and at once applied the antidote and remedy. Mrs. Tracht and the youngest child are still in a critical condition, but the servant and two other children are out of danger. There are hopes that all will recover.

Marriage and Divorce.

New York, Nov. 15.—When the general conference of the Protestant Episcopal church meets in San Francisco in October next, three new canons on the subject of marriage and divorce will be placed before the body for its consideration. Should these canons become a law of the Episcopal church, the Episcopal church will have pronounced its anathema against divorce and more particularly against the remarriage of divorced persons while another party to the divorce is still in life.

Underbidding Merchandise.

New York, Nov. 15.—The interstate commerce committee has begun a general inquiry into underbidding of merchandise in an effort to learn to what extent underbidding is practiced. Robert C. Stevenson of the Trunk Line association was first called and stated that he had found in New York from 15,000 to 20,000 cases per month of misrepresented description of freight, whereby a lower rate of freight was obtained than would be possible otherwise.

Strike in Mexico.

Puebla, Mex., Nov. 15.—Owing to a reduction in wages in the cotton mills 3000 operatives have struck and the authorities have taken measures to prevent trouble which is threatened. Some of the cotton mill owners are not sorry to have a reason for closing their mills till they can dispose of some of their surplus stock. Some mills had already shut down or were running on half time.

Clara Barton Leaves Galveston.

Galveston, Nov. 15.—Miss Clara Barton left for her home in Washington, accompanied by her associates who have been assisting her in the Galveston relief work.
